

Corrigendum 3 dated Sep 11, 2015 to Tender Specification
BHEL PSSR SCT 1594

The **Technical Pre Qualification Requirement** (Technical PQR) published in annexure III of Notice Inviting Tender (NIT) is completely **revised**. The consortium criteria wherever it was mentioned as applicable is now revised as not applicable. All other conditions including Financial PQR remain unchanged. The revised Technical PQR is as below:

The Bidder should have executed erection and commissioning of STG / GTG & Auxiliaries of minimum one unit of 100MW or above capacity in a Power Plant in the last seven years reckoned from the date of bid opening under direct order from BHEL.

Note: The term executed means "the unit synchronization".

OR

The Bidder should have executed erection and commissioning of at least one Boiler and its Auxiliaries (with rotating machines) of a unit rating of 100 MW or higher in a Power plant in the last seven years reckoned from the date of bid opening under direct order from BHEL.

Note: The term Executed means "completion of Boiler light up".

Explanatory statement: Consortium shall not be applicable for this tender.

Bidders are requested to consider this corrigendum as part of tender specification and quote accordingly.

All other conditions of the tender specification remain unchanged.
